1301 Bonanza Street, P.O. Box 1126, Rawlins, WY 82301

Main Office: (307) 324-6584 | www.carboncountyweed.com

Request For Proposal

Carbon County Weed and Pest (CCWP) is seeking bids/proposals to treat noxious weeds on a mixed ownership (BLM, private, State) project area near Muddy Gap. CCWP is seeking a certified commercial applicator to treat multiple known weed points within seven BLM reporting polygons (Muddy Gap 1-6 & 8) in the area (see attached map). Treatments will take place in the BLM Rawlins Field Office in Carbon County WY. The Following are the requirements for the treatments and data/reporting:

- Treat all invasives found at priority weed points (supplied). Primary species are leafy spurge, whitetop, and Russian knapweed.
- Treat and map any new weed infestations found while treating the above known points.
- At weed locations take photo point and record presence/absence of species.
- Treatments will take place on BLM, Private and State Lands. Costs incurred for each ownership must be reported separately.
- Report all spray data in daily spray records as required by state law and the BLM.
- Provide point data identifying species treated to CCWP in ESRI Shapefile format.
- Provide daily track logs (Shapefiles) of areas treated.
- Treatments will be spot applications and can be made with any approved application equipment.
- All herbicides will be provided by CCWP.
- Performance Period is June 1- July 15, 2023.

Please provide bid/proposals to CCWP no later than COB February 10, 2023. Proposal should include proof of licensing and liability insurance, methods to be used, budget detailing all costs and total expected project cost. Budget may be hourly, or acreage based. Contract will be awarded on a best value basis taking cost, applicator experience, equipment, and knowledge of the area into consideration. CCWP reserves the right to reject all bids.
